

More than you expected.

Goff's

Goff's Dock Seals & Shelters

Separate harsh environments at the loading dock.

Goff's Dock Seals

Goff's Dock Seals create a positive seal on all 3 sides of a trailer, providing a barrier from external elements and harsh weather conditions at the loading dock.

FOR DOOR OPENINGS UP TO 9' x 9'

Head Pad Dock Seal

The Head Pad Dock Seal has foam filled head and side pads, providing a tight seal against the trailer, creating a barrier from external elements.

- **Creates a tight seal on all 3 sides of trailer**
- **Foam keeps shape and compresses easily**
- **Vented foam pads prevent moisture infiltration**
- **Saves energy and separates harsh environments**
- **Built with heavy-duty reinforced 40 oz vinyl**
- **Yellow guide stripes to guide trailer to dock**
- **Corner wear pleats protects from truck corners**

Head pad with optional full-height guide stripes pictured.

FOR DOOR OPENINGS UP TO 9' x 10'

Head Curtain Dock Seal

The Head Curtain Dock Seal has a curtain style header member and foam filled side pads to provide an effective seal at taller door openings.

- **Creates a positive seal on all 3 sides of trailer**
- **Foam keeps shape and compresses easily**
- **Vented foam pads prevent moisture infiltration**
- **Saves energy and separates harsh environments**
- **Built with heavy-duty reinforced 40 oz vinyl**
- **Yellow guide stripes to guide trailer to dock**
- **Corner wear pleats protects from truck corners**

Head curtain with optional full-height guide stripes pictured.

Goff's Dock Shelters

Goff's Dock Shelters create a seal around the perimeter of the trailer by sealing against the sides and top of the trailer, allowing full access to the back of the trailer.

FOR DOOR OPENINGS UP TO 10' x 10'

Rigid Frame Truck Shelter

The Rigid Frame Truck Shelter provides full trailer access while forming a seal across the top and sides of a trailer.

- Accommodates a variety of door & trailer sizes
- Provides full-width access to back of trailer
- Creates a positive seal on all 3 surfaces of trailer
- Saves energy and separates harsh environments
- Built with heavy-duty reinforced 40 oz vinyl
- Yellow guide stripes to guide trailer to dock
- Corner wear pleats protects from truck corners

FOR DOOR OPENINGS UP TO 10' x 10'

Foam Sided Truck Shelter

The Foam Sided Truck Shelter includes foam filled insulated side members with a rigid frame structural header.

- Impactable foam-filled side members
- Accommodates a variety of door & trailer sizes
- Creates a positive seal on all 3 surfaces of trailer
- Saves energy and separates harsh environments
- Wear curtains include reinforced 40 oz vinyl
- Yellow guide stripes to guide trailer to dock
- Corner wear pleats protects from truck corners

Add Goff's Weather Wall

- **Protects loading docks** from moisture and weather infiltration, reducing expensive water damage to product shipments.
- **Backing trailer automatically positions seal** into place for use.
- **KDAT treated lumber** head framing.
- **High density foam seal** protected by 3 layers of reinforced vinyl fabric.

Goff's Weather Wall was designed to create additional protection from the elements at your loading dock. Weather Wall diverts water away from your loading dock as a trailer backs into position. Utilizing Goff's Weather Wall protects transitioning products from environmental damage and outside contaminants.

Goff's delivers more than you expected.

With over 30 years of experience, the Goff's team is committed to delivering the most reliable and innovative solutions to improve efficiency in your facility.
