

More than you expected.

Gott's

Wash Guard Doors

The superior car wash door solution.

More than you expected.

Deliver a superior car wash experience.

Keep your tunnel or wash bay from freezing up in the winter months, eliminate costly maintenance, and increase profitability at your car wash. Wash Guard doors are built with corrosion resistant materials and are designed to break away and reset automatically if impacted. Without using failure prone items like cables, wheels, springs or counter-balance systems, our doors stay up and running longer to help reduce operating costs.

Wash Guard Doors features:

Easy as 1-2-3

Our Wash Guard doors fully integrate with your operations and safety systems to provide a seamless experience for you and your customers.

Stay up and running to maximize productivity

Engineered to break away from its track if impacted, our auto-reset feature automatically resets your door to keep your car wash up and running without damage.

Built to last design minimizes downtime

Design includes stainless steel and aluminum header components, aluminum side guides, fiberglass wind bars and chemical resistant vinyl panels to stand the test of time.

With Goff's, excellence comes standard.

RELIABLE

NO PROBLEMATIC CABLES, WHEELS, COUNTERWEIGHTS, STRAPS, OR SPRINGS.

Achieve Maximum Capacity

Incorporate Goff's Curtain Walls in your wash bay to give you the separation you need for your wash down area, without having to built permanent, costly walls. Achieve separation, while still allowing vision to your facility.

For Your Self-Serve Wash Bays

We offer a manual chain hoist option for your self serve wash bays. Our reliable chain hoist operator requires no maintenance & features an integrated brake to stop the door at any point in the opening.

Goff's delivers more than you expected.

With over 30 years of experience, the Goff's team is committed to delivering the most reliable and innovative solutions to improve efficiency in your facility.
